

## Mobile Manager

# Simplify and secure mobile device management and use

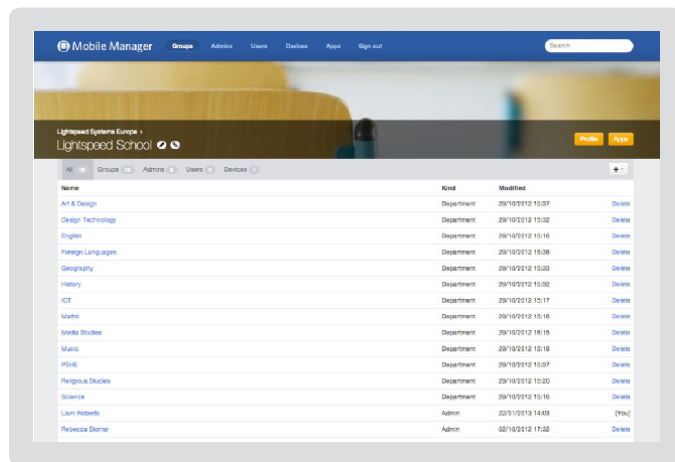

Blended learning, 1:1, BYOD. Learning is going mobile, and this comprehensive solution makes it easy. With powerful features made just for schools, you can roll out, manage, and safely utilise mobile devices for learning—balancing management between IT and educators and ensuring appropriate educational use, wherever your students go.

## What could you do with Mobile Manager?

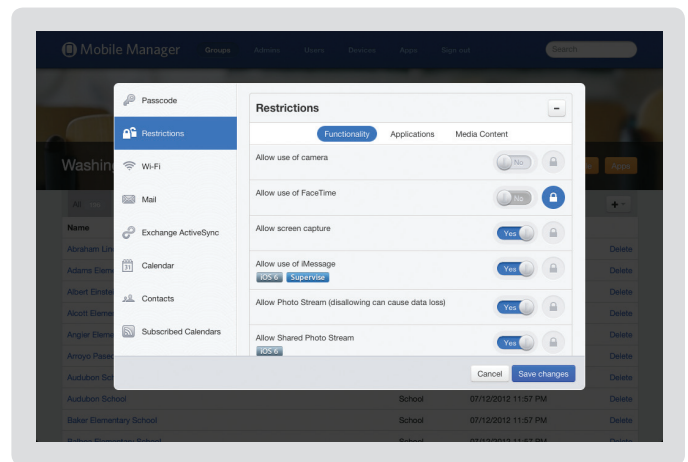

### Mobile Device Management

Lightspeed Systems Mobile Device Management provides IT staff with the tools necessary to keep students and the network safe and helping educators reach their mobile learning goals. With education-specific tools and hierarchical policy settings, the Lightspeed Systems MDM makes mobile device management simple, keeps devices and the network safe, and ensures mobile learning programs are successful.

**Easily manage devices** across your school with flexible groups and an intuitive interface

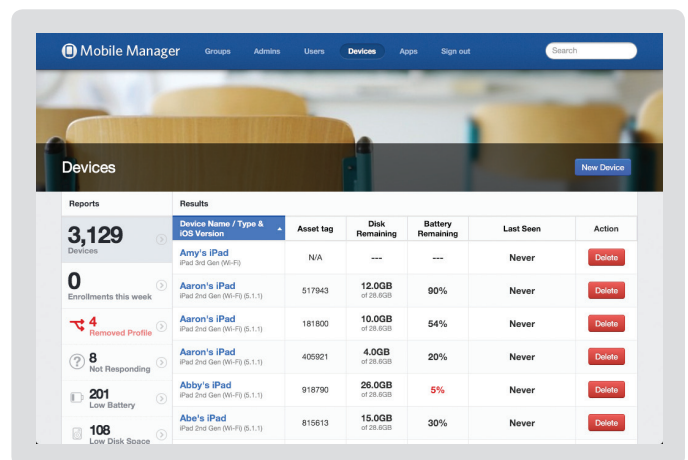

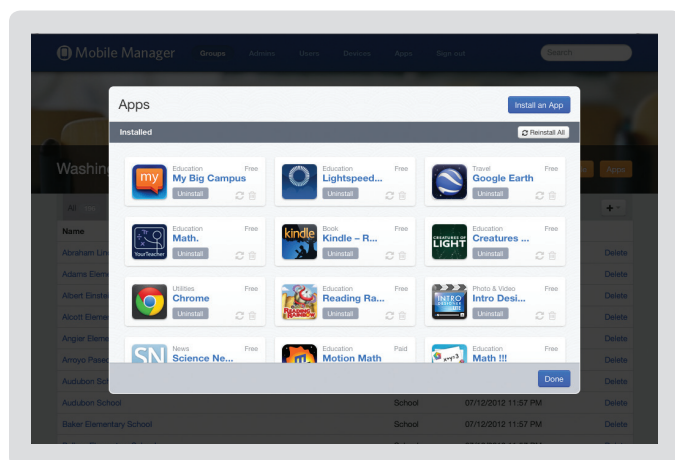

**Control device functions** with a simple click

**View critical information** about all devices in your school or local authority

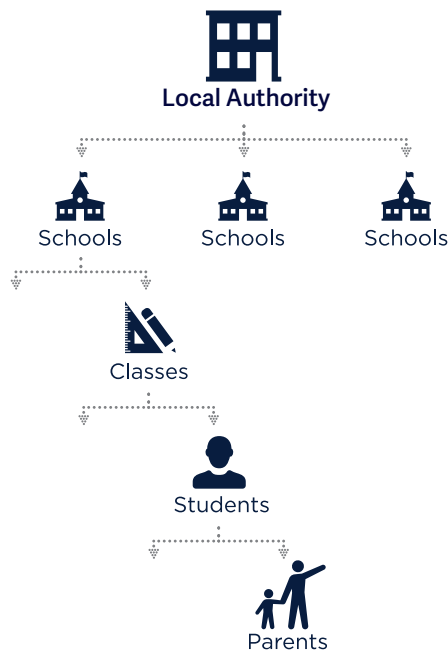

**Manage apps installed and purchased** throughout the school

What could you do with Mobile Manager?

Our Mobile Manager components have a unique school-based hierarchical structure that simplifies policy management

### Device Configuration Services

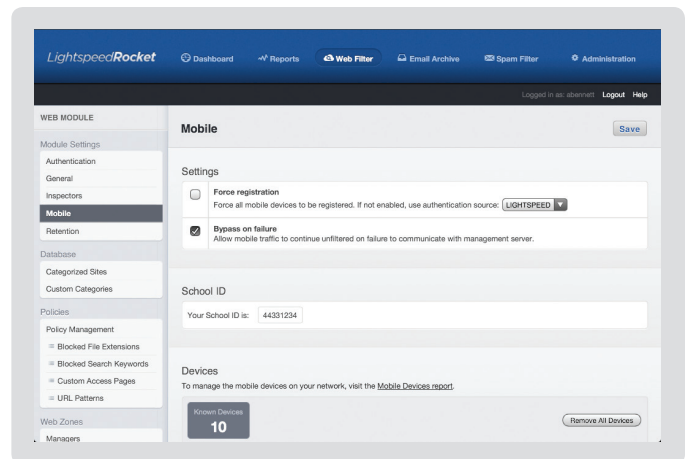

With our complete service for unboxing, asset tagging, engraving, and configuring, mobile devices can arrive at your school ready to hand out to students with your preferred apps and settings.

### Cloud Filter

When learning extends out of the classroom with mobile devices, safety needs to go along with it. The Lightspeed Systems Cloud Filter takes our award-winning, school-focused content filtering and puts it in the cloud, for convenient management and anytime, anywhere safety.

Keep students safe wherever they go  
with cloud-based mobile content filtering

### Cloud Email (Coming Soon)

Mobile devices and email go hand-in-hand, bringing another method of communication to your fingertips. But when it comes to students and schools, it's essential that the communication be safe, easy, spam filtered and archived. Coming in Spring 2013, Lightspeed Systems Cloud Email will give schools the cloud-based email solution they've been looking for—so communication doesn't come at the cost of safety or compliance.

Mobile Manager allows for safe mobile learning, but it gets even more amazing when you add our collaborative VLE and our Rocket appliances.

Together we do amazing things.
